Dear friend

I want to say thank you for your help by giving me the school needs. I am a learner in Grade 10. I promise you I will work very hard at school to improve my grade. Because in my life I want to be a doctor but I didn't know what can I do to achieve my goal because I didn't have money for education.

But now you show me if you will help me, so I thank you with all my heart because if you did not help me, I did not have to school because I am suffering in many things of school like uniform, books, fees etc. I wish you to live a long life because you help me. I will not forget about you. I will think you with all my life because you help me.

In my home I live with my mother, father and two students. The first born is Khayakazi. She is doing Grade 11 and the last born is Sibabalo. He is a learner in grade 5. At home I am a second born. I want to say to you, you must continue to help ^{me} like the way you do, and God will keep you and blessing you ~~at~~ all by what you are doing for me.

I have to thank to our mother of Tipini Community. Jenny always help us about giving us food because our parents do not work. We stay in poor families.

It is your friend who writing this letter Mayyo Sizwe.
